

PREFACE:

The basis for the Rules & Regulations and the authority for enforcement are contained in the Declaration of Restrictions (DOR), the Bylaws and the Articles of Incorporation for the Carolina Shores Property Owners Association, Inc. as well as portions of North Carolina General Statutes Section 47F, better known as the North Carolina Planned Community Act, and North Carolina General Statutes Section 55A, better known as the North Carolina Nonprofit Corporations Act.

These limitations, restrictions, covenants and conditions are binding on all parties having acquired any right, title or interest in property within Carolina Shores. ARCHITECTURAL CONTROL COMMITTEE: The Architectural Control Committee (ACC) is made up of property owners of good standing of the CSPOA. The function of this committee is to ensure that all DOR and Rules and Regulations of the CSPOA are followed. The CSPOA Board is informed of any violation which is not corrected by the property owner and further action is then started.

DISCLAIMER:

The material in this handbook is not intended to be a substitute for the stipulations contained in the DOR or for the services of an attorney. The law and its interpretation are constantly changing. Please consult your professional advisor regarding your involvement, obligations and rights of property ownership in this common interest community association.

RULES & REGULATIONS:

The following is the adopted Rules & Regulations of the Carolina Shores Property Owners Association, Inc. (“CSPOA”). The rules are presented by category.

I. PROPERTY OWNERS

Individuals or entities acquiring legal or equitable title to any Lot in Carolina Shores Subdivision shall automatically become members of the CSPOA and for purposes of these Rules and Regulations shall be referred to as Property Owner(s). Membership in the CSPOA is limited to Property Owners and may not be separated from ownership of any Lot. The Property Owner is the person/entity ultimately responsible for ensuring that people on the premises follow the DOR and the Rules in this handbook. This ensures that official notices can be mailed to the Property Owner and contact can be made in case of an emergency. It is the responsibility of each Property Owner to notify the CSPOA office of any change in mailing address, telephone number or residency status (i.e., renting their property).

Dues or fines may be paid by check or paper currency. (coins are not accepted for these payments).

V. COMMON FACILITIES

ACCESS TO COMMON FACILITIES

The Property Owners Rules & Regulations Handbook is compiled by the CSPOA for the purpose of describing the specific guidelines for use of the common facilities of the CSPOA:

1. CSPOA clubhouse

2. Pool
3. Tennis courts
4. Recreation areas, which includes the Pavilion area and Bocce ball court

The common facilities are operated for the benefit of the owners of record of property within Carolina Shores. Anyone using the common facilities or any of their components shall do so at his or her own risk.

The common facilities of the CSPOA include the clubhouse, the pool, the recreation area, the tennis courts, and all parking lots.

The hours and rules of operation for the common facilities are set by the CSPOA Board of Directors. The rules for each facility are provided at the end of this document.

In order to enter the clubhouse, pool area or tennis courts, you must have a magnetic key card/fob you scan at the entry to each of these areas. The Property Owner(s) of each lot with a residence or double lot with residence is entitled to two (2) free key cards and may purchase a key fob(s) in place of the card(s) for the cost of \$25.00 each. The Property Owner(s) of an unimproved lot(s) is entitled to one (1) key card.

The key cards/fobs are available at the CSPOA office. In the event a key card/fob is lost, stolen or damaged, the Property Owner should notify the CSPOA as soon as possible. That key card/fob will be deactivated, and a replacement will be issued at a cost of \$25.00.

Only two (2) cards will be issued per member(s) with a residence and one (1) card per member(s) of unimproved property.

Owners of properties that are rented may elect to allow the tenants to have access to the common facilities. In order to do this, you must file a written statement with the CSPOA explicitly granting privileges to specific individuals living in the home and assign the tenant(s) your owner's card(s) This can also be done through rental agents with proper paperwork. Renters are not able to request or replace cards/fobs.

USE OF COMMON FACILITIES

To ensure the safety and convenience of all property owners, the CSPOA has imposed the following rules for the use of common facilities:

9. There shall be no vehicles, trailers or other items placed on the common grounds of the POA with “for sale” or “for lease” signs without prior permission of the POA Board.

Failure to follow the rules for the use of common facilities may result in having access privileges withdrawn after notice and an opportunity to be heard pursuant to North Carolina General Statute § 47F-3-107.1. The North Carolina Planned Community Act gives the CSPOA the power to impose reasonable fines or suspend privileges or services provided by the CSPOA (except rights of access to lots) for reasonable periods for violations of the Declaration of Restrictions, Bylaws and Rules and Regulations of the CSPOA. If a violation is noted, a hearing must be held before the CSPOA Board to determine if a Property Owner should be fined or if planned community privileges or services should be suspended. The Property Owner charged shall be given notice of the charge, opportunity to be heard and to present evidence and notice of the decision. If it is decided that a fine should be imposed, a fine not to exceed one hundred dollars (\$100.00) may be imposed for the violation and without further hearing for each day more than five days after the decision that the violation occurs. Such fines shall be assessments secured by liens under G.S. 47F-3-116. If it is decided that a suspension of privileges or services should be imposed, the suspension may be continued without further hearing until the violation is cured. PLEASE NOTE THAT EACH PROPERTY OWNER IS RESPONSIBLE FOR THE CONDUCT OF AND ANY VIOLATION BY SUCH OWNER’S FAMILY MEMBERS, GUESTS, AGENTS AND TENANTS, AND FOR THE FAMILY MEMBERS, GUESTS, AND AGENTS OF ANY TENANT.

The CSPOA Rules & Regulations listed here are stated in layman’s terms and are intended to function as a quick reference for the benefit of the Property Owner, not a substitute for the DOR.

The Carolina Shores Property Owners Association recognizes that there is likely to be (and encourages) member interest in installing solar paneled power systems. Since these systems by nature must be installed external to the home, the Association has developed this policy to aid members (homeowners) in developing their solar projects within Association expectations. Note: not all lots are conducive to allowing solar panel installation)

Guidelines for Solar Panel Systems within the Carolina Shores Property Owners Association:

6. Application must include a picture of the requested panels with a drawing to scale showing the proposed roof top or in yard location, a copy of the plat map or photographs showing how the house sits relative to surrounding homes.
7. The solar array system components must conform to the color of the roof shingles as closely as possible.
8. Homeowners will ensure that all surfaces of all array equipment, whether painted or colored materials, are properly and timely maintained to prevent peeling and cracking to the point where the equipment becomes unsightly and/or incompatible with aesthetic standards.
9. Visibility of devices and their components must be minimized from public view (from the street front, neighboring lots, and common areas). The ACC may require screening from neighboring property.
10. Solar panels must be installed flush with the roof with no more than a four (4) inch rise in elevation above the roof. The entire array shall be lower than the top ridge of the roof.

Homeowners are urged to check with their home builder or insurance company prior to installation of devices for how such installation may impact their roof warranty or other aspects of their structure.
