

ACC Guidelines for A/C- Propane Tank Screens

- **Guidelines for A/V-Tank Screens A/C & Propane Tanks**

Panels constructed of vinyl or wood lattice, or wood of alternate slat construction shall screen all units. The material can be white, natural, or painted a color to match the home.

The screen must be attached to posts at the ends and anchored firmly into the ground.

The screen must cover the entire width of the unit and be at least 6" but no more than 12" over the height of the unit.

Shrubbery will not be accepted on new screenings but will be allowed if currently planted and meets the height and width requirements.

Approved at CSPOA Board meeting 3/8/2016
